

# EASY TO MASTER EFFORTLESS TO USE

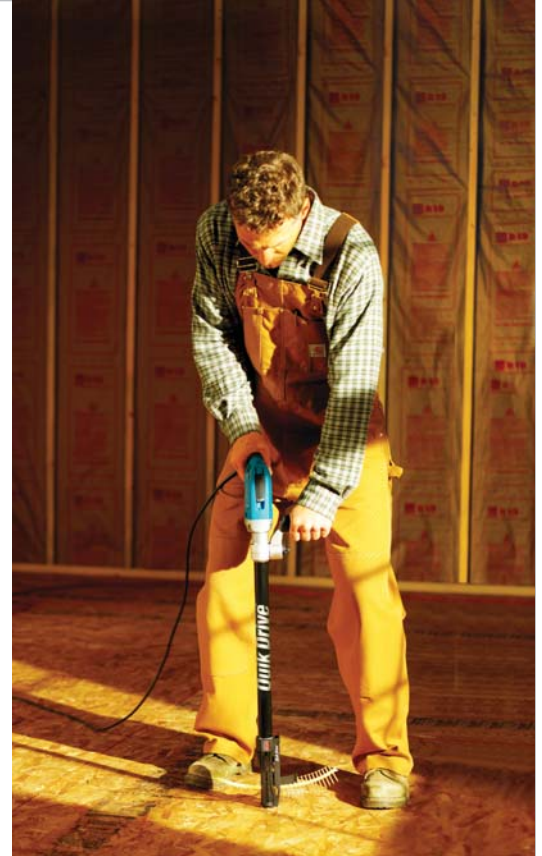

The Quik Drive® PROCCS+ Multi-Purpose Combo System increases production while providing high-quality, consistent auto-feed fastening. It is the complete contractor system for the high-volume user.

### Applications:

Subfloor to wood or steel, wall plates, stair treads, sheathing, decks/docks, fiber-cement siding to steel

### Features and Benefits:

- Expanded depth settings for high-density flooring materials
- Reversible and replaceable noseclip with non-skid teeth
- Uniform toenailing and countersink on slick surfaces
- Sure-grip guide tube for increased stability with a broad range of screws
- The patented curved collation strips (U.S. Patent 7,051,875) hold the screws up and away from the work surface, making moving and positioning the tool easier. They are also pointed on the inserted end to simplify loading.
- Limited lifetime warranty

## The PROCCS+ Combo Quik Drive System features:

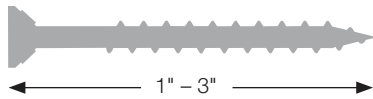

## The PROCCS+Multi-Purpose Combo System includes:

- PRO300S Decking Attachment
- PRO200S Subfloor Attachment
- Extension
- Screwdriver motor (multiple options below)\*
- Screw quiver
- Rugged toolbox

*The decking nose clip (sold separately) positions the screw on the deck board and centers it on the joist for an easy, uniform installation from a standing position.*
