COVID-19 UPDATE

Effective Monday, March 23rd we will be closing our store to retail traffic. Staff will still be on-site to assist customers with any orders, pick-ups and deliveries.

At this time, we ask you contact us via Phone, Email or text message to place any orders. The staff will prepare your order and co-ordinate a time it will be ready for pick up outside the store or in the yard.

We understand this is not business as usual but given the circumstances we feel it is the appropriate action. Our staff will do their best to ensure your needs are met during this time.
